# About the ICT Awards

This event will be gathering participants coming from different ICT sectors and ranges, such as representatives of public administration sector, CEOs of various businesses, financial representatives, marketers, field specialists, academics, PhD students, as well as other representatives of ICT relating businesses and agencies.

This event, unique in its character and devotion, aims at identifying, rewarding and promoting the most distinguished Albanian ICT professionals, successful ICT business leaders, ICT innovators, ICT academics and young ICT enthusiasts whose work during 2019 improved the Albanian ICT position in the region or globally as well as contributed toward the enlargement of the Albanian ICT business sector.

The rewarding system for this event is done through a fair and rigorous selection of applications received – a selection carried by a highly professional jury performing based on exclusive ethical and professional criteria of evaluation – a weighing team composed of the most eminent Albanian ICT personages, with a renowned understanding and values in the corresponding field.

## Two Roundtable Discussions

Two Roundtable discussions will be taking place in Albania and Kosovo, with participating guest speakers, field specialists coming from ICT industry.

# **Gala Evening of “Albanian ICT Awards VIII”**

The Albanian ICT Awards closes by a traditional gala evening, the time where successful applicants get their rewards in seven different categories. Such ceremonial evening is organized to announce and reward the most outstanding individuals in the field of ICT for the year 2019. The competition for the “Albanian ICT Award” as the highest form of evaluating ICT outstanding individuals in the Albanian speaking territories, during this evening finalizes its efforts on identifying innovation stars in the field of information technology in Albanian inhabited areas for 2019.

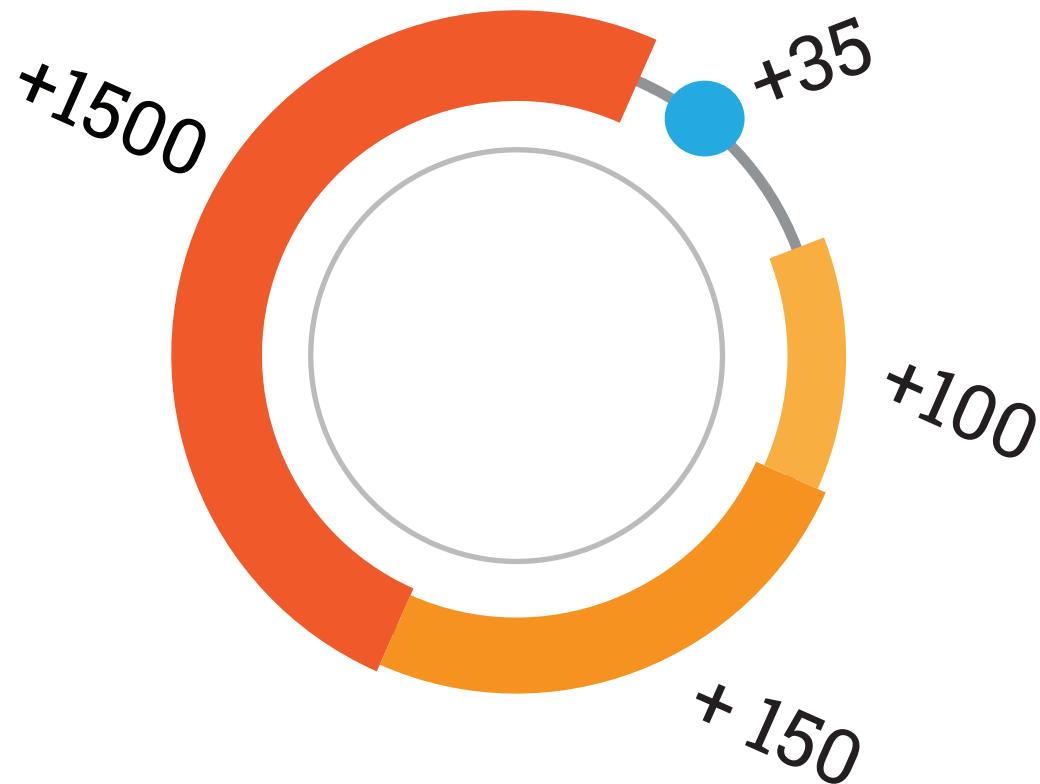

The Gala Award Ceremony will take place in Albania's capital city, Tirana. The evaluation of applications for this event is done through a strict judgment of a highly professional panel jury, where successful candidates are awarded as a part of the Albanian ICT Awards. Invitees amongst the awardees and panel jury members are also various ICT stakeholders and other wide-ranging business and societal representatives such as prominent business personalities, public sector high-representatives, arts and culture representatives as well as civil societies. With more than 250 invitees, local and international, the event becomes an even more perfectioned and festive.

250+ invitees, 100+ applicants, 50+ innovative ideas every year.  
Organized by ICTSmedia Limited Tirana - Pristina

## **Judges**

The Jury Members are independent from the organizers and are constituted by proven professional profiles representing the best ICT values, aiming to award and honour the applicants and their creativity. Jury Members include representatives of society of different levels, as public institutions, universities, science field, business, professionals and experts of different ICT sectors, who carry out their activities in Albania and abroad.
